

Altimune to Participate in the Wells Fargo 21st Annual Healthcare Conference

September 3, 2026 at 8:00 AM EDT

GAITHERSBURG, Md., Sept. 03, 2026 (GLOBE NEWSWIRE) -- [Altimune, Inc.](#) (Nasdaq: ALT), a late clinical-stage biopharmaceutical company developing pemvidutide to address serious liver diseases, today announced that management will participate in a fireside chat at the Wells Fargo 21st Annual Healthcare Conference on Thursday, September 10, 2026, at 9:30 a.m. ET.

A webcast of the fireside chat will be available via the [Events](#) section of the Altimune website.

About Altimune

Altimune is a late clinical-stage biopharmaceutical company developing therapies for patients with serious liver diseases. The Company's lead candidate, pemvidutide, is a unique dual-action investigational therapy targeting both glucagon and GLP-1 receptors in a balanced 1:1 ratio in development for the treatment of metabolic dysfunction-associated steatohepatitis (MASH), alcohol use disorder (AUD) and alcohol-associated liver disease (ALD). For more information, please visit www.altimmune.com.
